Image below: Natural divider panels have several attachment options; sandwiched between desks, end clamped or surface mounted.

BRC provides creative and innovative solutions to complement any environment and use. Flexible manufacturing offers the ability for BRC to respond to a client's custom needs in addition to having standard catalogue solutions. A wide collection of textiles to select from including easy clean hospital grade fabrics. We offer over 30 various laminate finishes from solid colours, wood finishes and antimicrobial laminates. Which allows companies and individuals to express their brand and culture through a unique signature look.

Care & Cleaning Info

Hospital grade fabrics

Anti-bacterial
Anti Microbial finishes

At BRC Group we have several options for screens, dividers and panels with several finishes and materials to select from.

Image above: The Natural floor based panel system is available in a number of wood laminates and solid colours. There are several length and height sizes to select from.

Safety Shields & PPE for the Office Environment
floor base panel

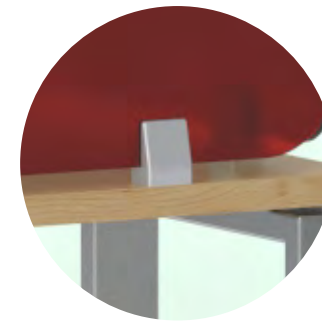

The Natural panel provides privacy, reduces noise and helps as a barrier.

Our Natural floor panels can be arranged in a wide variety of configurations and designs, including custom layouts.

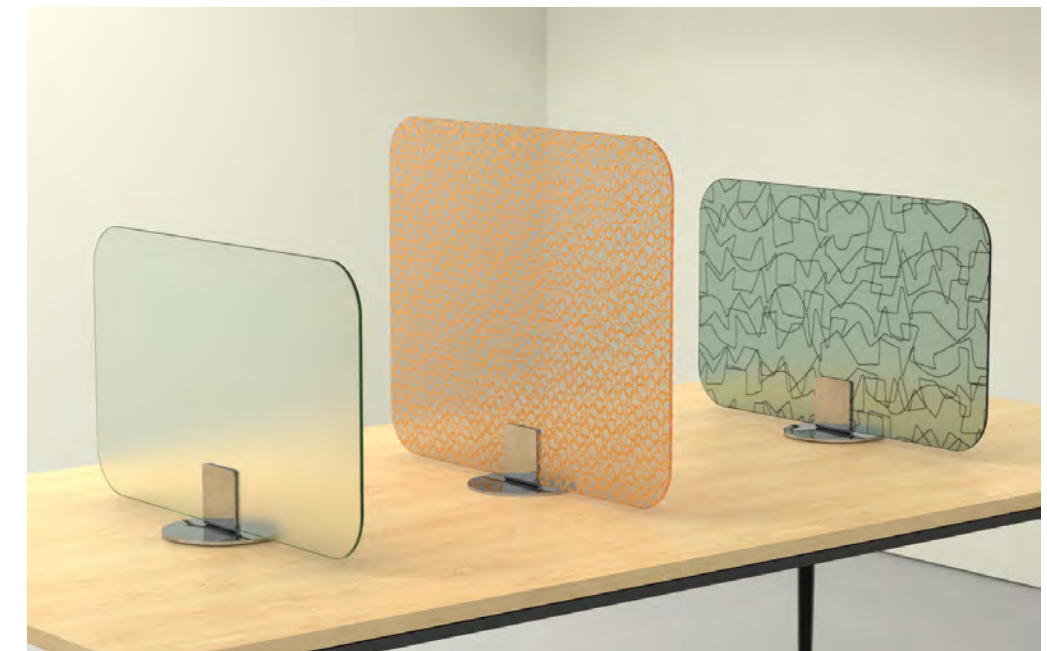

Our privacy panels can be easily attached to a desk or workstation.
Material options include: laminate, upholstered fabric and plexiglass.
Available in several lengths & heights.

Edge Mount, Between Mount & Flush Mount shown.

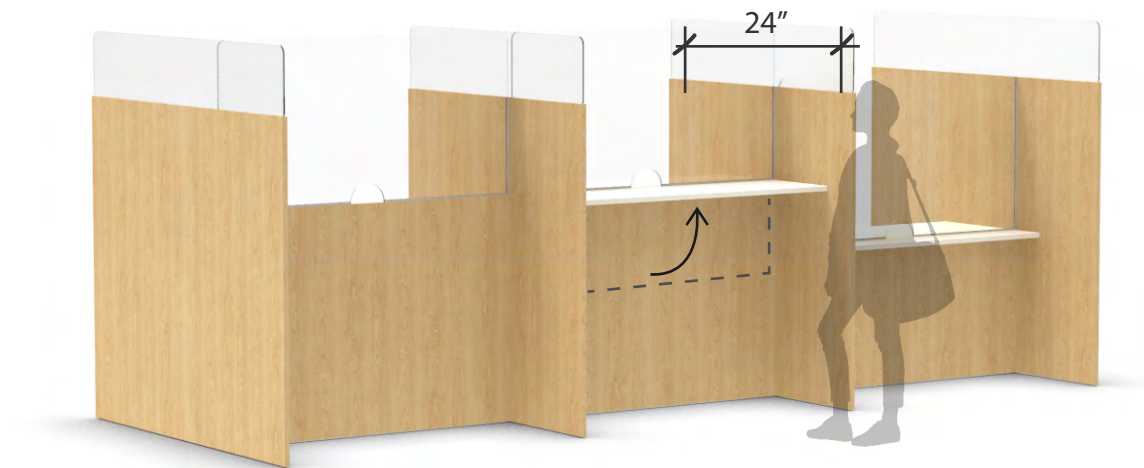

We have several options for retrofitting existing office furniture with panels, screens and dividers. All can be installed on-site either temporarily or permanently. Items shown above: laminated panels with a heavy metal base (top image), end panels are frosted plexiglass secured to the underside of a desk, (at centre for both images) plexiglass panel secured with a between mount, lower base is made of laminate with clear plexiglass screen (lower image).

Images Above: Are a few options for a standalone divider. There are also several plexiglass options; solid laminate, clear plexiglass, textured and patterned.

Safety Shields & PPE for the Office Environment Screen Guards & sanitizer stands

Top & Bottom Right Images: Reception Desks with protective screens and a flip up worksurface to provide additional distancing.
Top & Bottom Left Images: Screen guards can be retrofitted on site.

Safety Shields & PPE for the Office Environment screens & guards

Our screen guards are available in a number of sizes. We provide an option for an opening cut out in several shapes & sizes.

Top Images : Wall mounted hand sanitizer (single or side by side)

Care & Cleaning Info

Approved products include, but are not limited to:
Clorox Disinfecting Wipes

- Lysol® Disinfecting Wipes (All Scents)
Caviwipes
- Super Sani-Cloth Germicidal Disposable Wipe

Laminates Suggested Cleaners for Water-based
Spills, Spots, and Stains:

Ultra Ivory Dish Liquid (Classic) Tide Powder
Detergent Original unscented; diluted in water (1
tablespoon per 1 cup warm water).

Simple Green All Purpose Cleaner
Suggested Non-abrasive Cleaner:

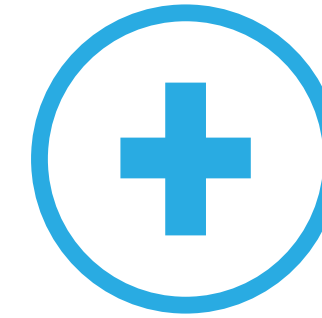

Soft Scrub Total All Purpose Cleaner

Suggested Disinfectants Disinfecting Wipes without
Bleach Including Clorox, Lysol, and PDI Sani-Cloth
Wipes To Be Avoided The use of bleach may occur
for infre-quent disinfecting, but it is recommend to
avoid its use because it corrodes metal, damages
environmental surfaces, is inactivated by organic
matter, and is toxic. Products with a pH factor
between 7 and 9 are suitable; a product with a pH
of 10.5 or higher may damage the surface integrity.

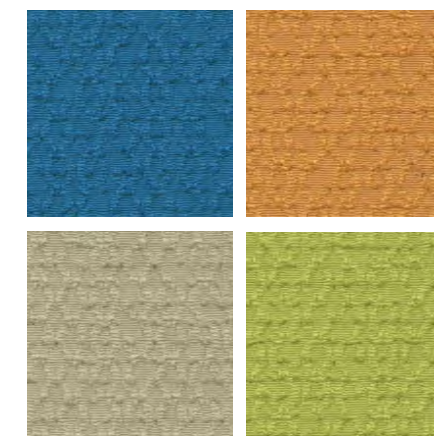

Anti-bacterial Anti Microbial finishes
