

Acrylic & Laminate Screen Guards, Desk-top Barriers, Privacy, Desk-Mount, & Rise-up Systems Panels

Overview

Maintaining a physical barrier has become more important than ever. BRC's screen guards, barriers and panels offer a division between spaces with an added sense of privacy and safety. We also have several options for retrofitting existing office furniture with panels, screens and dividers. All options are available for on-site installation, either temporarily or permanently.

Our screen guards are one-quarter inch thick clear acrylic that is easy to sterilize and wipe clean. Three mounting options allow for flexibility in any environment. Each bracket option raises the screen up by half an inch allowing for document pass-through. An optional scallop is available to pass larger objects through.

The Rise-up panel system was designed to quickly add divider panels to the top of other manufacturer's systems panels. BRC offers divider panels for this bracket in laminate, acrylic, fabric and glass.

Finishes

To view our complete line of fabrics and finishes visit:
<https://brc.group/resources/finishes-materials>

Most laminates are available in matching low-pressure (LPL) and high-pressure (HPL) finishes in 1" and 1.25" thick material with 2mm edge trim. When specifying laminate top finish codes, the code applies to the worksurface or top of product only.

Laminate codes

M1 - 1" thick LPL

H1 - 1" thick HPL (top only)

K1 - 1.25" knife edge
