Economical Electric Height Adjustable Table

## Overview

Mesa is BRC's most affordable height adjustable desk. With the push of a button, Mesa can move from sitting to standing, and everywhere in between. The practice of breaking up long periods of sitting with bursts of standing has been shown to reduce shoulder and back pain, improve circulation and lessen fatigue. This health-positive option combines style and design with effortless adjustment and sturdy construction.

BRC offers Mesa in multiple height ranges, with a T-Leg or C-Leg base, integrated cabinets and laminate leg surrounds that completely change the look and functionality of Mesa, taking it to the next level!

Standard height control:

- Up and down momentary buttons to control height
- 4 memory positions
- Digital height display in metric or imperial
