Need to incorporate more storage solutions, but don't want to crowd your work space? Check out BRC's extensive mobile options. With many standard configurations to choose from, clients have flexibility in personalizing their space. Our mobile pedestal options provide ample space for storing work tools, files and personal items.

At BRC, we know the details are important. We have even eliminated the counterweight by engineering the pedestals to include a fifth wheel castor. Whether tucked under a desk or placed on the side to be used as a printer stand, you can now get organized with BRC's multi-functional mobile personal storage.
