

A modern office interior featuring a large, multi-paned window with a black frame. The window looks out onto a lush green forest. In the foreground, a light-colored wooden desk is positioned against the window. On the desk sits a silver computer monitor on a stand. A black office chair with a white backrest and a dark blue seat is positioned in front of the desk. To the left of the desk, a gold-colored wire mesh chair is partially visible. Above the desk, two white pendant lamps hang from the ceiling. A large, silver, cylindrical light fixture is also visible above the desk. To the right of the desk, a light-colored wooden cabinet with a black shelf is visible. The shelf holds a white mug and some books. The floor is made of light-colored wood. The overall atmosphere is bright and modern.

NOLITA

abrc

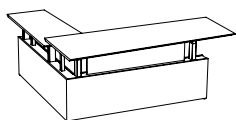

CLEAN. SOPHISTICATED. ADJUSTABLE.

Bring style and sophistication to your office with a NoLita height adjustable desk. BRC's NoLita electric height adjustable desk offers you a balanced design of form and function. With the private office in mind, NoLita offers executives the option to sit or stand at its multi-surface independent work surfaces. Hidden frames and mechanisms allow for wire concealment and a clean aesthetic while blending with an upscale environment. This elegant solution starts with an enclosed full metal frame and an integrated frosted modesty panel. The Bluetooth capable controller can be customized, reminding its user to stand throughout the day and even counts the calories burned. With so many options and extras to choose from, including a knife edge work surface, NoLita is truly a high-performing product that will bring style and distinction to your office.

Specs
