Price Guide - 2026 R5

2026 SA Furniture for Workspaces

E60PQ-140003/022PQ

Thank you for choosing BRC

Established in 1979 and incorporated in 1983, BRC Group has grown into a leader in the research, development and manufacturing of high quality ergonomic office furniture. BRC is a Canadian-owned private company with modern manufacturing facilities in Georgetown, Ontario, Canada.

BRC is a forerunner in blending environmental initiatives with the manufacturing of renewable and recyclable products. BRC uses materials and manufacturing processes which virtually eliminate Volatile Organic Chemical (VOC) emissions in the office environment. Raw materials are responsibly sourced, assuring that only the best and most sustainable components are converted to finished goods. BRC is committed to developing and offering the best-value products for the middle and higher end markets.

From OEM solutions to obscure designer requests to simply striving to be better, BRC provides creative and innovative customized solutions to complement any environment and use. Flexible manufacturing offers the ability for BRC to respond to client's special needs in addition to having standard catalogue solutions. A wide collection of textiles and laminate finishes allows companies and individuals to express their brand and culture through a unique signature look.

All furniture is designed and manufactured to meet or exceed ANSI-BIFMA standards. Standard construction uses a combination of 3/4" and 1" material with optional LPL & HPL tops and metal to metal commercial grade connections for solid enduring assembly. The newest edge banding technology, in which the edge tape is melted directly to the edge of the board, enables BRC to manufacture products with virtually invisible glue lines.

The BRC Team works hard to earn and keep your business - our success depends on it. If you have any questions or inquires, please contact us at info@brc.group or toll free at 1-877-260-4309.

We appreciate your business and look forward to hearing from you.

Warranty, Terms & Conditions

BRC is pleased to offer one of the most competitive warranties in the industry. All furniture products carry a 12 year limited structural warranty. BRC furniture panel and table electrical cabling carry a 3 year limited warranty. All moving user adjustable components carry a 5 year limited structural warranty. All other electrical or electronic elements of BRC furniture carry a 1 year limited warranty.

For full warranty details, terms and conditions, please visit www.brc.group/warranty

Shipping Rates & Policies

Shipping costs are calculated based on net order value and destination. In many cases, the freight cost may be included in your order. For detailed information, visit our website at www.brc.group/freight

DESCRIPTION OF FEATURES AND INCLUDED ITEMS

Features & Specifications
- 3/4" Thick LPL case construction with one inch of leveling
- File hanging bars and lock(s) included
- Laminate codes - M1: 1" LPL, H1: 1" HPL (top only)
- Specify handedness left 'L' or right 'R' when ordering

OPTIONS AND FEATURES AVAILABLE AT NO EXTRA CHARGE

No Charge Options
- All standard laminate finishes available
- Specify lock option: BRC standard black *'LBB'*, silver *'LBS'*

Optional Extra
- High pressure drawer fronts add code *'HF'* and add $207
- Counterweight add code *'CW'* and add $101

OPTIONS OR FEATURES AVAILABLE BUT AT ADDITIONAL CHARGE. ADD CODE WHERE APPLICABLE, AND ADDITIONAL PRICE TO TOTAL

SPECIAL NOTES
- This storage product must be secured or ganged to an additional support structure (eg: wall, adjacent cabinet).

Technical Specifications

General Construction

All BRC products have been designed using best practices based on ANSI/BIFMA standards. On products that contain box or file drawers, BRC advises full loading of the bottom drawer before loading any top drawer(s). Always load heavy files in the bottom drawer to prevent tipping. Pedestals, credenzas, storage units and hutches are shipped fully assembled. The following are general construction principles used on the Natural series product line:

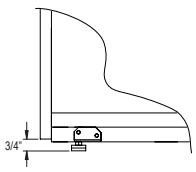

- Standard casegoods construction is ¾" thick low pressure laminate (LPL).
- Box drawer handles are placed in the center of the drawer face.
- Door and drawer fronts may be available in ¾" high pressure laminate finishes. Most low pressure laminate finishes can be matched to high pressure laminate. Contact your BRC representative for a quote.
- Low pressure laminate (LPL) panels are finished both sides.
- Products are manufactured with matching 3/32" (2mm), thermo-applied flat edging.
- Most parts are manufactured in a way that allows for replacement in the field.
- One pencil tray is included in every product with a box drawer.
- Box drawers have 100 lb. rated, steel ball bearing sliders with full extension. Lateral file drawers have 150lb rated sliders with 1" over travel.
- Storage units with two or more lateral file drawers have a standard inter-lock mechanism when ordered as stand-alone cabinetry. Interlock mechanisms assist with anti-tipping of a storage unit but do not provide 100% tip-free functionality.
- Counterweights are sold separately where applicable.
- A counterweight is required when specified in a freestanding application. Contact BRC for specific application details.
- Lateral file drawers accommodate letter and legal size files front to back or side to side.
- Product heights listed at 29" are typical heights with 1" top '*M1*' or '*H1*'.
- Hinged single or double door option is determined by size. Widths of 21" or less are single, hinged doors wider than 21" are double.
- Modesty panels are inset by 6" from the edge where 'Recessed Modesty' is specified.
- Modesty panels are available in full height, half height (12") and one quarter height (7").
- Grommets if required must be specified on all tables when ordering (GL, GC, GR). Multiple grommets can be specified on one table.
- All half gables include grommet pass through holes as standard. Gables are constructed of 1" thick LPL as standard.
- All products in the Natural Series use glass classified as 'clear glass'. Low iron or 'optically clear glass' may be available for an upcharge. Contact BRC sales for more details and pricing.

Locks

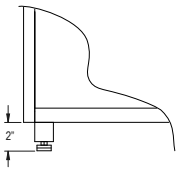

BRC offers lock options in two finishes (black or silver). All BRC locks will be factory installed at no extra charge. They will be randomly keyed with cores installed unless the customer specifies a keyed alike option. All orders requiring keyed alike cores must be noted at the time of order, and the specific requirements clearly detailed on the order. There is no upcharge for keyed alike cores, however, they will not be installed in the lock barrels to facilitate easy key co-ordination in the field. BRC offers housing and core finishes in black and chrome with matching rosette.
Note: If key alike core numbers are specified, key numbers from 500-509 and 551-700 may be selected. Quantities of each key number must be specified on the order. Upon request, BRC will provide a lock summary to assist with this process.

Cabinet Base Detail

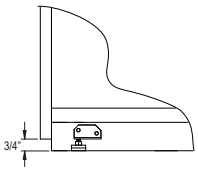

Most storage items are available with two standard base styles and where applicable, the last letter of the product code indicates which base style:

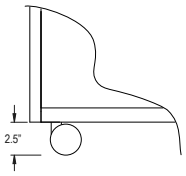

Full Front or 1" Kick (Z)

Post Legs (Y)

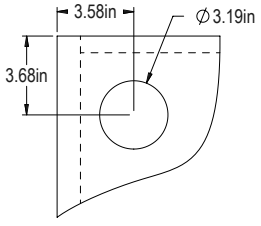

3/4" Reveal (Q)

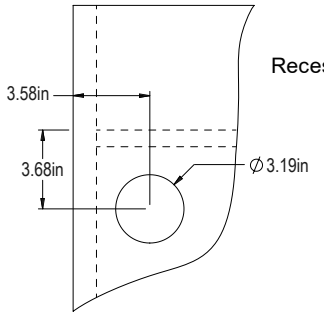

Mobile (M)

Grommet Location

Grommets are optional in Natural Series. When specified, grommets are located 3.58" from the side and 3.68" from the back. On recessed modesty applications, the grommet is located on the users side of the modesty as shown below.

Recessed Modesty Desk

Frequently Used Codes & Terms

Laminates

Most laminates are available in matching low pressure (LPL) and high pressure (HPL) finishes in 1.00” thick material. Consult BRC’s current finish line up for specific details on availability at www.brc.group/materials. When specifying laminate top finish codes, the code applies to the worksurface or top of product only. These codes are:

M3 - Indicates 0.75” thick LPL laminate
M1 - Indicates 1.00” thick LPL laminate
H1 - Indicates 1.00” thick HPL (actual thickness is 1.063”)

Certain products are available with high pressure (HPL) door or drawer fronts and provide additional durability. This option is at extra cost and is designated by the code:

HF - Indicates 1.00” thick LPL laminate

Modesty Panels

Modesty panels are available in four sizes depending on the product. Consult each individual product page for availability. Product order codes for modesty panels are:

QM - Quarter (7” high) modesty panel (additional charges may apply)
TM - Half (12” high) modesty panel
SM - Three quarter (20” high) modesty panel
FM - Full modesty panel (full height of product)

Grommets

Grommets are available on all desks and tables at additional cost. Grommet holes will be cut and a 3” (nominal) plastic grommet provided when specified in the order code. Multiple grommets can be specified in one table if required. Plastic grommets are also available separately and can be field installed. If grommets are required at time of order, the following codes should be added:

GL - Grommet installed on left hand user side, 91mm/3.58” from left edge and 93.5mm/3.68” from back edge
GC - Grommet installed in the center, 93.5mm/3.68” from back edge
GR - Grommet installed on right hand user side, 91mm/3.58” from right edge and 93.5mm/3.68” from back edge

Locks

Locks are available for most closed drawer and door applications. Consult each individual product page for availability. In Natural Series, two lock finish options are offered, black or silver. The codes used for these options are:

LBB - Standard BRC CL lock and core in black finish
LBS - Standard BRC CL lock and core in silver finish
LBB-P - Standard BRC CL push lock and core in black finish
LBS-P - Standard BRC CL push lock and core in silver finish

File drawers

BRC uses common industry abbreviations to denote file drawers. The codes used for these are:

PBBF - Pencil box box file drawers
BBF - Box box file drawers
FF - File file drawers

Other Codes

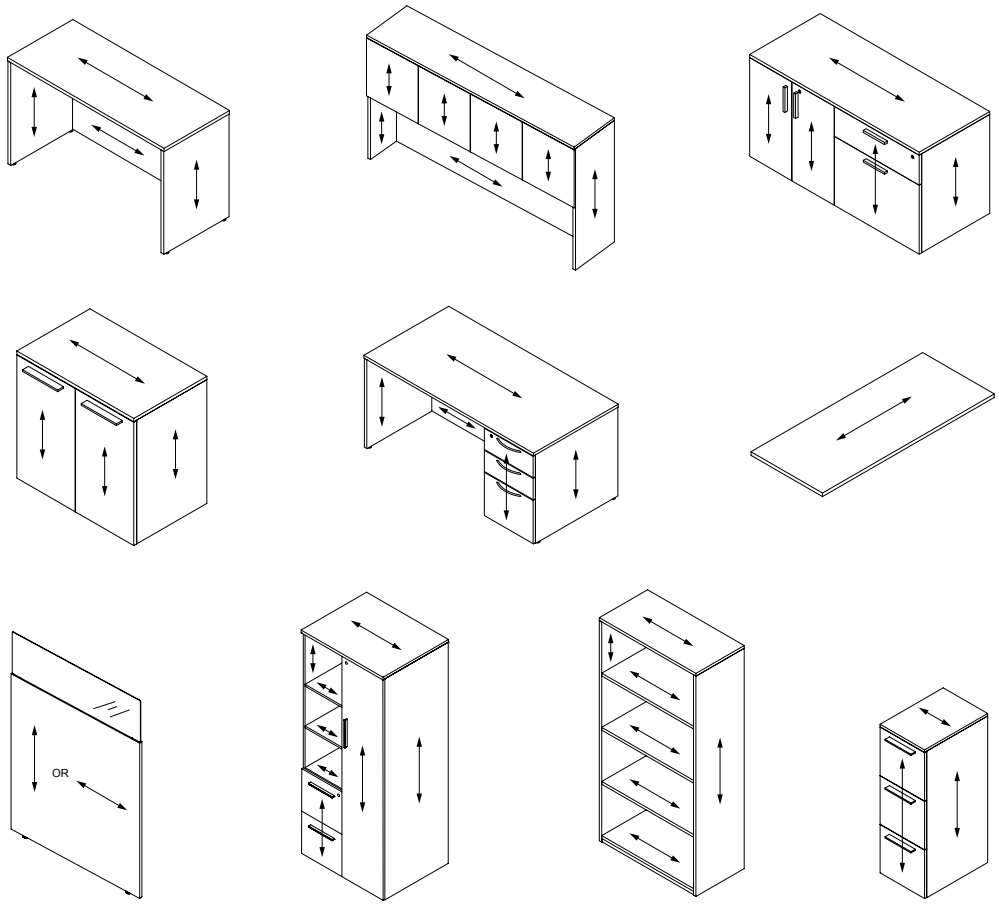

Other codes used throughout this price guide are:

CW - Indicates counterweight option. Additional charges apply where applicable
CW2 - Indicates two counterweight option. Additional charges apply where applicable

Woodgrain Laminate Direction

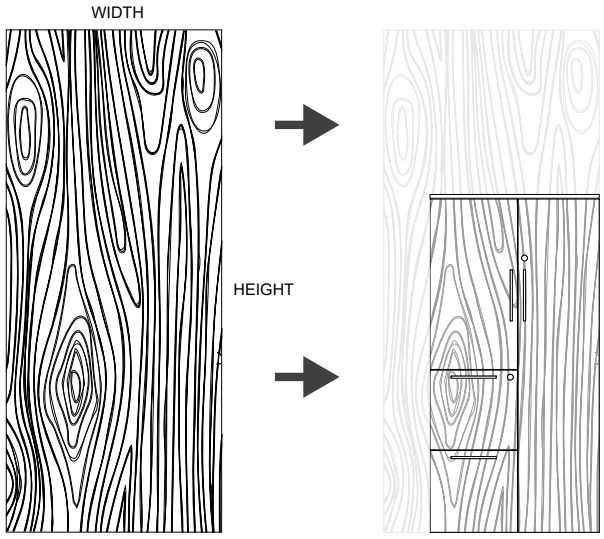

The following information can be used to identify woodgrain direction on various standard furniture items. In general, the direction can be limited by the size of the laminate sheet. Custom sizes follow the standard but due to size limitations, the woodgrain direction may change. Check with BRC to confirm woodgrain direction on your custom product before order.

Woodgrain Direction Typical Examples

Woodgrain Pattern Typical Lay Up

On cabinets with multiple drawers and doors, the entire sheet of woodgrain laminate is cut and applied in such a way that the grains will align (see image at right). If the width of the raw sheet exceeds the width of the cabinet, every effort is made to coordinate the additional sheets so that the grain patterns will be similar.

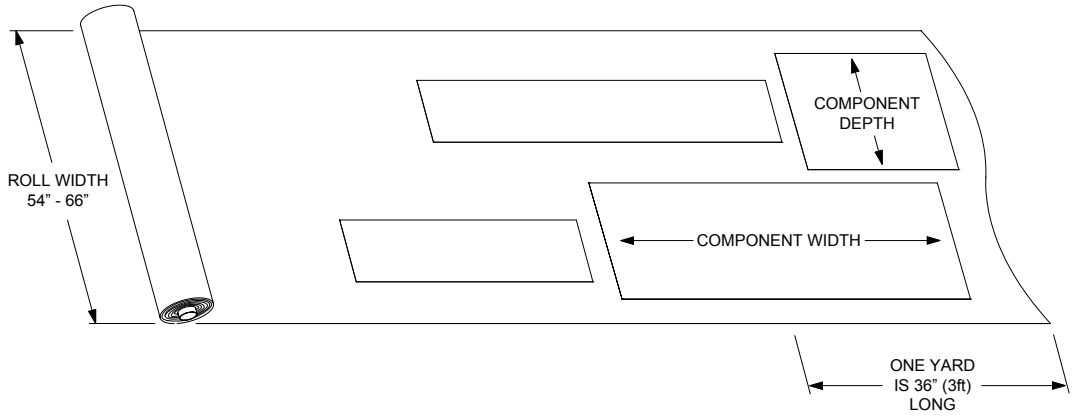

Full Sheet of Woodgrain Laminate

Full Sheet Applied to Cabinet

Fabric Specifications

Standard BRC Fabric

BRC offers non-directional fabric as standard. The fabric is cut in either direction to acheive the best yield. Customer's Own Material is considered a grade 0 fabric, BRC offers three additional grades as detailed below.

Customer's Own Material (COM) Fabric - Grade 0

Due to variations in textile patterns, roll widths, fabric direction and material characteristics, actual COM requirements may vary. The chart below is intended as a **rough guideline only** for estimating yardage using non-directional fabric.

For **large-volume orders**, directional fabrics, pattern repeats, pattern matching, railroaded applications, or where a precise material requirement is needed, please contact BRC Customer Experience for a detailed calculation.

Additional Material Allowance - BRC recommends allowing approximately 5% additional material above the estimated yardage to account for potential fabric flaws, unusable areas and variations in material yield.

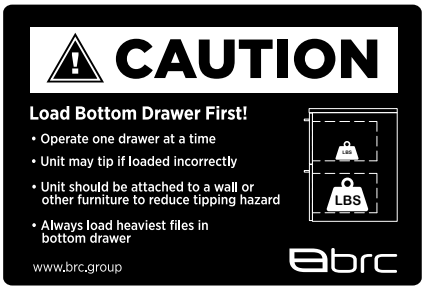

APPROXIMATE COM YARDAGE	
CUSHION SIZE W x D (1" & 2" THICK)	APPROX. YARDAGE
15.75" x 18", 20", 22", 24"	1 YARD
30" x 18"	1.25 YARDS
36" x 18.75"	1.5 YARDS
42" x 20"	1.5 YARDS
TACKBOARD WIDTH (48" HEIGHT & BELOW)	APPROX. YARDAGE
24"	1 YARD
30", 36"	1.25 YARDS
42"	1.5 YARDS
48", 54"	1.75 YARDS
60"	2 YARDS
66", 72"	2.25 YARDS
78"	2.5 YARDS
84"	2.75 YARDS
96"	3 YARDS

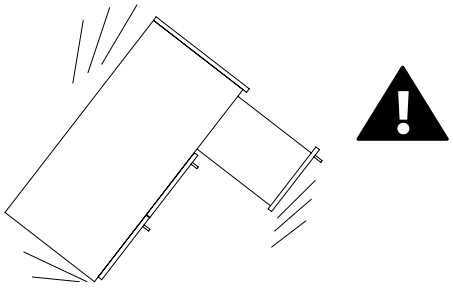

File Drawers

Load Considerations

Filing drawers can be one of the most convenient storage items in the office environment. Careful consideration must be paid to how the drawers are loaded, how much load and when to secure the cabinet to an additional support structure. File drawers must always be loaded from the bottom first. This puts the center of gravity lower and reduces the tipping hazard. Depending on application, cabinets should be secured to adjacent cabinets, a wall or another support structure for additional assurance. All drawer cabinets can be susceptible to tipping so careful planning is essential for prevention. Contact your BRC representative for more information.

Look for this warning label placed inside all file drawers manufactured by BRC

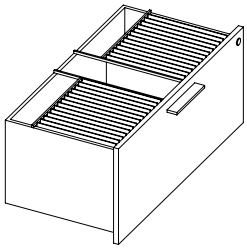

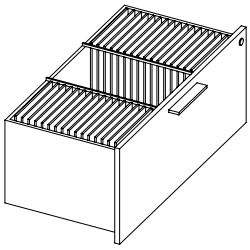

Capacity & Filing Options

BRC File drawers can accommodate letter and legal hanging file folders. Standard size file drawers in 30” & 36” widths include two side to side hanging bars and two front to back hanging bars (24” wide drawers include only one of each). The side to side hanging bar can be positioned to fit letter and legal files. The front to back hanging bars can be positioned to accommodate two rows front to back of letter and legal depending on drawer width. Pedestal file drawers include one side to side hanging bar that can to positioned to accommodate letter and legal side to side. Pedestal file drawers can accommodate letter only front to back.

STANDARD SIZE FILE DRAWER CAPACITY			
NOMINAL WIDTH	INTERIOR WIDTH	INTERIOR DEPTH	MAXIMUM LOAD (LBS)*
24”	20.4”	15.14”	55
30”	26.4”	15.14”	72
36”	32.4”	15.14”	90

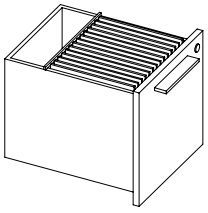

FILE RAILS ACCOMMODATE LEGAL SIDE TO SIDE; FILE BARS CAN BE USED TO ACCOMMODATE LETTER SIDE TO SIDE

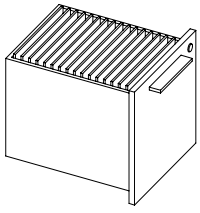

FRONT TO BACK BARS POSITIONED TO ACCOMMODATE LETTER OR LEGAL

PEDESTAL FILE DRAWER CAPACITY			
NOMINAL WIDTH	INTERIOR WIDTH	INTERIOR DEPTH	MAXIMUM LOAD (LBS)*
15.75”	12.18”	15.14”	33

FILE RAILS ACCOMMODATE LEGAL SIDE TO SIDE; FILE BAR CAN BE USED TO ACCOMMODATE LETTER SIDE TO SIDE

FRONT TO BACK ACCOMMODATES LETTER ONLY

*Loads are expressed as weight rating for filing, not bottom loading

Counterweights

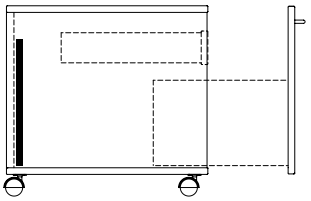

Product Safety

All of BRC's storage products that contain box drawers and file drawers include full extension drawer slides. This presents a unique challenge as the further a drawer is extended, the further away the center of gravity is from the main body of the product. Depending on the load, the storage product may tip over. There are several ways to prevent this from happening and BRC recommends the following solutions be considered depending on the installation. For more information on your specific layout, contact your BRC representative for advice.

Counterweights

Counterweights are designed to help balance a load in a drawer or several drawers. Depending on the size of the storage product and the load it intends to carry, a counterweight may be the best option. For smaller cabinets, freestanding or mobile, BRC recommends using a counterweight to prevent the product from tipping over. Some of BRC's mobile storage options already include a 5th wheel caster in the front of the drawer which prevents tip over. In this case, the counterweight will not be listed as an option on the individual product page.

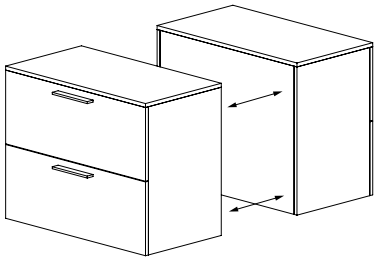

Counterweight located in back of cabinet (shown) or underneath cabinet

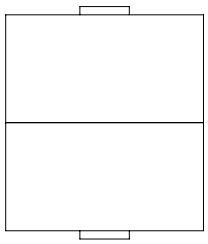

Ganging

When cabinets are installed in a long run or back to back, ganging them together may be the most cost effective solution. When installing, the drawers can be removed to gain access to the inside back or side gable of the product. After leveling the cabinet layout, by simply using self tapping wood screws with or without pilot holes, items can be ganged together.

Ganging cabinets back to back or side to side provides a cost effective solution

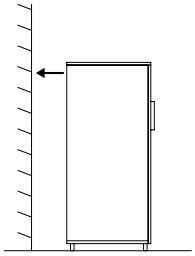

Wall Mounting

Where applicable, wall mounting can provide a cost effective solution to using a counterweight and provide greater tip over protection. For taller cabinets, bookcases and lockers BRC recommends wall mounting to provide a secure and safe environment. Ensure the wall structure contains wood studs or a wood backing. Attaching to metal studs alone is not recommended. Remove the drawers to gain access to the inside back or side gable of the product. After leveling the cabinet, simply use self tapping wood screws with or without pilot holes and secure the cabinet to the wall. Replace the drawers to complete installation.

Wall mounting all tall storage cabinets, bookcases and lockers is recommended

Product Safety

Wall Mounted Products

Wall mounted items require special consideration before installation. Any product attached to the wall, especially overhead mounted items, must be anchored and secured to the wall to ensure safety and stability. BRC provides the following guidelines & warnings when using wall mounted products:

• This product must be anchored to wall to ensure stability & safety.
• It is the owner and installers responsibility to ensure that the wall type and construction is of sufficient strength to carry the loads of any wall mounted products and their contents.
• Failure of the wall and anchors to support all imposed loads may result in property damage or personal injury.
• BRC can provide size and empty weight of its products only. As wall blocking is considered a building construction process, BRC cannot provide recommendations in this respect and cannot be responsible for damage or injury that may occur as a result of improper installation and/or blocking.

Look for this warning label on all wall mounted BRC products

Mobile Product Instability

Mobile items on casters such as flip top, personal and movable tables of any type and storage items of any type may present an instability hazard if not secured correctly while in use or in storage. Flip top tables or training tables of any type, are inherently more unstable when folded. BRC provides the following guidelines & warnings when using mobile products:

• Lock casters immediately after moving. Do not leave the casters unlocked when in use or in storage.
• Motion may increase the instability of any item with casters. If the wheels hit an obstruction the table's forward momentum often causes overturn, especially if the item is not equipped with wheel extensions. Exercise strong caution while moving these items.
• Use caution when abrupt level changes in the floor are present (such as a doorway or room threshold) as caster failure or tipping may result.
• Do not stand, sit or lean on mobile items for support. They are not intended for this use and personal injury or property damage may result.
• Mobile units that feature height adjustable elements must be lowered to the minimum compressed height when moving to prevent instability. It is also recommended the user remove all computer equipment or other accessories to prevent possible weight imbalance or damage to equipment.
• Failure to follow the guidelines above may result in property damage or personal injury.

Look for this warning label on all mobile BRC products

Cleaning & Maintenance

BEST PRACTICES
To keep your furniture products looking their best, BRC recommends the following general care and maintenance:

Low Pressure (LPL) LAMINATES Cleaning:
Dust laminated surfaces off prior to cleaning. Wet a damp cloth with water, a mild soap or one of our approved cleaning products. Do not use abrasive cleaners as they may scratch or affect the surface appearance. Wipe the surface with the grain (where applicable) using a dry soft cloth.

Approved cleaning products: Glass Plus®, Dawn®, Pledge®, Mr. Clean® , Windex®,
For disinfecting surfaces use products such as: LYSOL®, VIREX®, PURELL®, VIROX®

After use of the above disinfectants ensure that the surfaces are wiped with a damp cloth to remove any product residue.

Take note that any product with Hydrochloric, Sulfuric, or Phosphoric acid may permanently damage the surface. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

High Pressure (HPL) LAMINATES Cleaning:
Dust laminated surfaces off prior to cleaning. Wet a damp cloth with water, a mild soap or one of our approved cleaning products. Do not use abrasive cleaners as they may scratch or affect the surface appearance. Wipe the surface with the grain (where applicable) using a dry soft cloth.

Approved cleaning products: Glass Plus®, Dawn®, Pledge®, Mr. Clean® , Windex®,
For disinfecting surfaces use products such as: LYSOL®, VIREX®, PURELL®, VIROX®, Fantastik®, multi-surface disinfectant, Clorox® Disinfecting Wipes, Caviwipes™, Cavicide™

After use of the above disinfectants ensure that the surfaces are wiped with a damp cloth to remove any product residue.

Take note that any product with Hydrochloric, Sulfuric, or Phosphoric acid may permanently damage the surface. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

Acrylic Tiles And Panels:
Dust regularly to keep surfaces free of dust particles. Clean any dirt or stain with a damp cloth. Do not use chemical cleaners or window cleaners as it may alter or permanently affect the surface appearance.

Tempered & Laminated Glass:
Dust regularly to keep surfaces free of dust particles. Clean any dirt or stain with a damp cloth. Do not use chemical cleaners or window cleaners as it may alter or permanently affect the surface appearance.

Edge Trim:
To remove minor scuff marks and general dirt from bases and connectors, use warm water and a soft cloth. Do not use harsh abrasive cleaners, as they may cause permanent scratches on the surface.

Painted Metals:
Clean these products, use a damp cloth, using only a small amount of lukewarm water if necessary. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

Standard Fabrics:
Standard Care Label W-S. Clean with water based cleaning agents, foam or pure, water free solvents. Vacuuming or light brushing is recommended to prevent dust and soil buildup.

Bleach Cleanable Fabrics:
Bleach is an effective disinfectant, which means it kills most bacteria, fungi and viruses. When fabrics need to be disinfected or sterilized, use a 1:10 household bleach-to-water solution.

Do not saturate or soak furniture with cleaner

Use spray or damp cloth only

Wipe with damp cloth using fresh water after cleaning

Custom Sizing

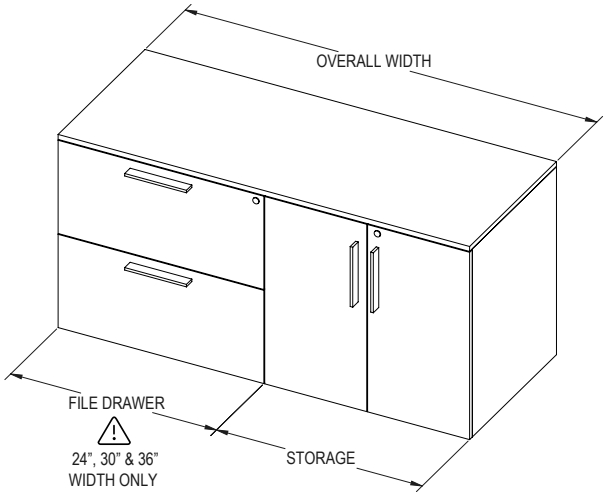

BRC has built a reputation on custom tailored product based on our standard offering. Many sizes not listed in the Natural catalog can still be ordered without requesting a custom quote. The next two pages are meant as a guide to enable users to specify and order a custom size right from the price guide. Follow the guidelines below for specifying and ordering sizes that are not listed in this guide.

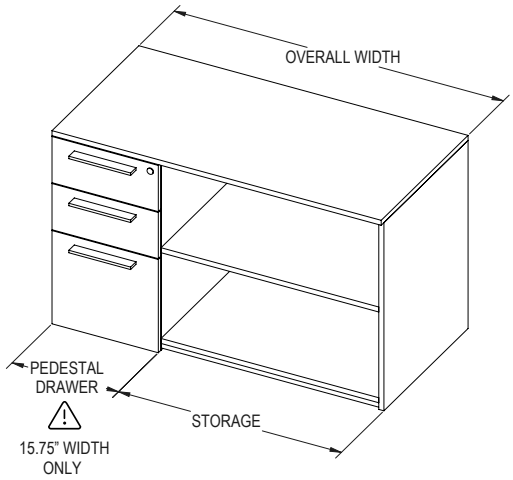

Pedestal & File Drawer Restrictions

Pedestal drawers in box/box/file, file/file, box/file and pencil/box/file have a width restriction of 15.75" wide. This means that as the overall cabinet width changes, the pedestal drawer width remains constant. In all size variations, the width of the pedestal drawers will be 15.75".

File drawers are available in three widths only: 24", 30" and 36". As the overall cabinet width changes, the file drawer width will remain at either 24", 30" or 36" as specified by the purchaser in the product code. In all size variations, the file drawers will remain at these widths.

Adjacent open storage and closed door storage will accommodate all sizes within the minimum and maximum listed in the price guide.

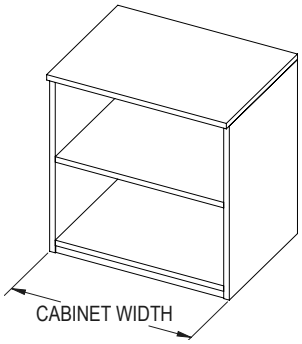

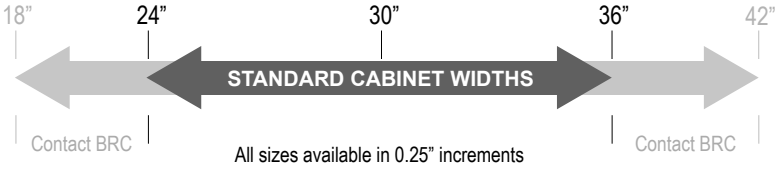

Custom Size Availability

Most products can be ordered in 0.25" (1/4") increments in either width, depth or height depending on the sizes listed in the price guide. Custom increments are available between the minimum and maximum sizes listed on the price page (taking into account the pedestal and file drawer restrictions listed above). For instance, in the example below, an open cabinet that has a minimum width of 24" and a maximum width of 36" is available in any size in between the minumim and maximum, for example, 27.25" wide or 35.75" wide.

The example details width only but custom size availability applies to depth and height as well. If applicable, all variables (width, depth & height) can be customized together in one product. For example, the below item could be ordered with a custom width, depth and height.

Custom sizes outside of the listed minimum and maximum may still be available but require a quote from BRC. Please contact your representative or send your inquiry to quotes@brc.group.

Next Size Up Pricing

Whenever specifying a custom size, use the pricing applicable to the next size up listed in the price guide. For instance, if you need a 25.5" depth and a 24" depth is $300 and a 30" depth at $400 as listed in the price guide, for a 28.5" depth you would use the $400 price.

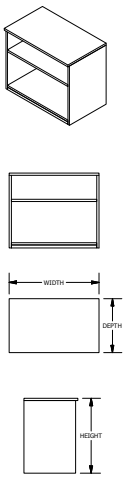

For more information on next size up pricing, please contact your representative or send your inquiry to quotes@brc.group.

Custom Sizing

Order Sample Code

Ordering custom sizes is as easy as placing the size you want in the ordering code and adding an “SP-” prefix to the code. The example below shows how an open storage product can be customized and ordered. NLOSZ Open storage product is available in widths from 18” - 36”, depths from 18.75” - 30” but only available in 22.25” height. In the order code for a custom size, “NLOSZ” becomes “SP-NLOSZ”.

Low Open Storage with Top, 1” Kick — NLOSZ

NCSAY	W60	D24	H22.25	L24	R36	*M1*	*R*	*LBS*	*HF*

Features & Specifications

- 3/4” Thick LPL case construction with one inch of leveling
- Includes lock(s)
- One 3/4” thick adjustable shelf in storage space
- Laminate codes - *M1*: 1” LPL, *H1*: 1” HPL (top only)
- Specify handedness left *‘L’* or right *‘R’* when ordering

No Charge Options

- All standard laminates and metal finishes available
- Specify lock option: BRC standard black *‘LBB’*, silver *‘LBS’*

Optional Extra

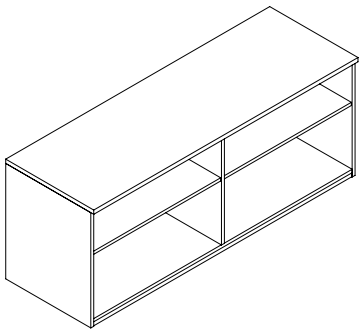

- For high pressure drawer fronts, add option code ‘*HF*’ and +$113

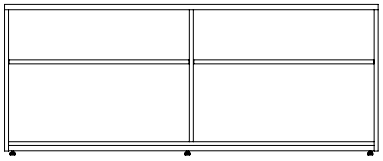

SPECIAL NOTES

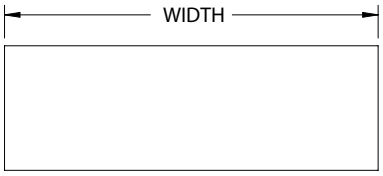

- This storage product must be secured or ganged to an additional support structure (eg: wall, adjacent cabinet).

ORDER CODE SAMPLE					
ITEM CODE	WIDTH	DEPTH	HEIGHT	LOCK	OPTION
NLBUY	W30	D20	H28	*LBB*	*CW*

Features & Specifications

- 3/4” Thick LPL case construction with one inch of leveling
- File hanging bars and lock(s) included

No Charge Options

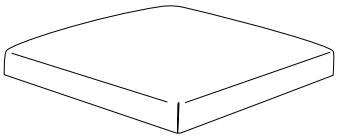

- All standard laminate & metal finishes available
- Specify lock option: BRC standard black *‘LBB’*, silver *‘LBS’*

Optional Extra

- For high pressure drawer fronts, add option code ‘*HF*’ and +$357
- For counterweight, add option code ‘*CW*’ and +$165

SPECIAL NOTES

- This storage product must be secured or ganged to an additional support structure (eg: wall, adjacent cabinet)

ITEM CODE	WIDTH	DEPTH	LAMINATE	OPTION
NTOPN	W36	D20	*M1*	*GR*

Features & Specifications

- Can be used in storage top and worksurface applications
- Does not include inserts or pilot holes under the worksurface
- Laminate codes - *M1*: 1" LPL, *H1*: 1" HPL
- LPL surfaces are finished on both sides; HPL surfaces are finished on one side only with backer on underside
- Tops supplied in one piece up to 96" W; widths above 96" W to 192" W supplied in two equal sections with seamless joint; widths above 192" W supplied in three equal sections with seamless joint

No Charge Options

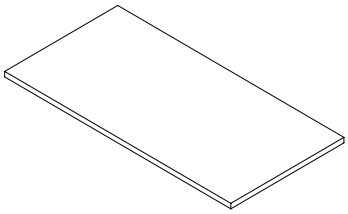

- All standard laminate finishes available

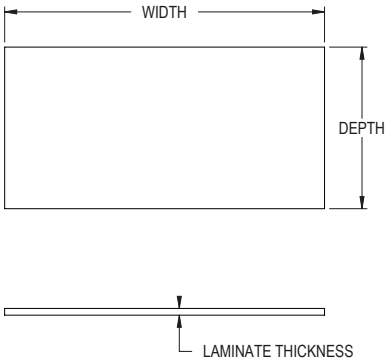

Optional Extra

- For 3" grommet (AG30A), add option code(s) '*GL*', '*GC*' and/or '*GR*', add +$91 per grommet
- Grommets are applicable to tops ranging from 42" to 84" in width and 24" to 42" in depth

NTOPN	W54	D24	*M1*	*GR*

Features & Specifications

- Can be used in storage top and worksurface applications
- Does not include inserts or pilot holes under the worksurface
- Laminate codes - *M1*: 1" LPL, *H1*: 1" HPL
- LPL surfaces are finished on both sides; HPL surfaces are finished on one side only with backer on underside
- Tops supplied in one piece up to 96" W; widths above 96" W to 192" W supplied in two equal sections with seamless joint; widths above 192" W supplied in three equal sections with seamless joint

No Charge Options

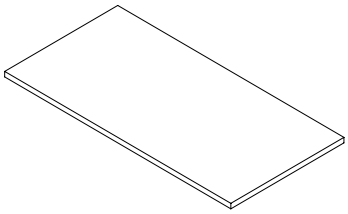

- All standard laminate finishes available

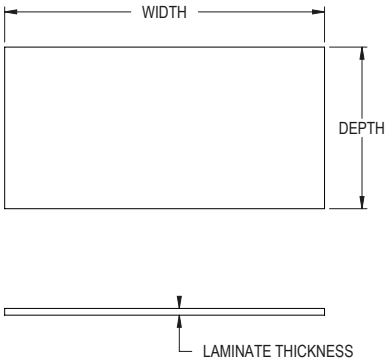

Optional Extra

- For 3" grommet (AG30A), add option code(s) '*GL*', '*GC*' and/or '*GR*', add +$91 per grommet
- Grommets are applicable to tops ranging from 42" to 84" in width and 24" to 42" in depth

Summary

BRC expands on its gallery panels by offering new ways of connecting that allows for a semi-freestanding and fully freestanding application. By using a combination of gallery panel spines and supporting feet, offices can be configured to provide more privacy. The following pages can be used as a guideline to configure and select the best layout for your needs. Contact your BRC representative if you need more assistance.

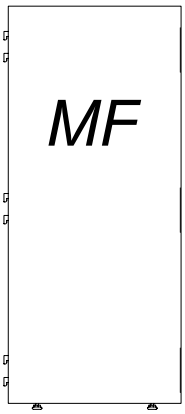

Panel Configuration

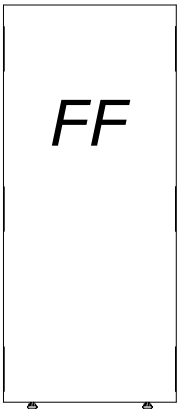

All panels are 1" LPL construction, edged on all sides and include levelers. Male and female connectors, and a blank end (no connectors) can be configured to allow 6 different panel options as follows:

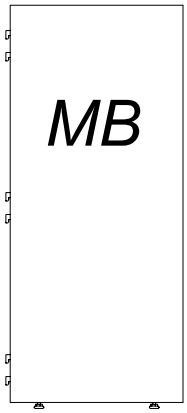

Both sides have male connectors.

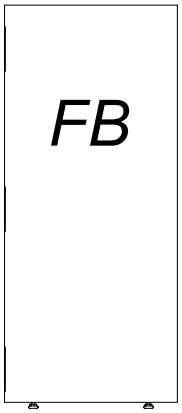

Male connector on one side, female connector on the other side.

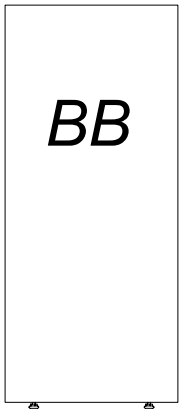

Both sides have female connectors.

Male connector on one side, blank end on the other side.

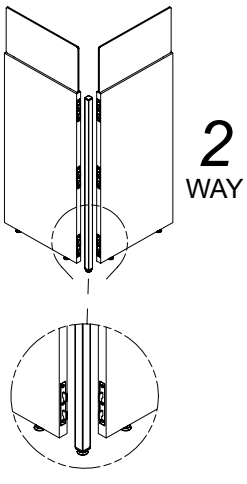

Female connector on one side, blank end on the other side.

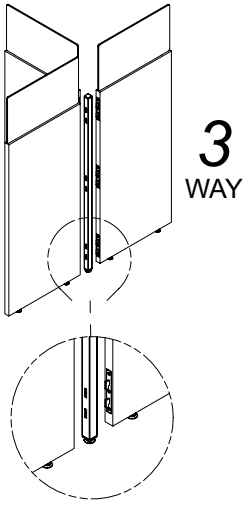

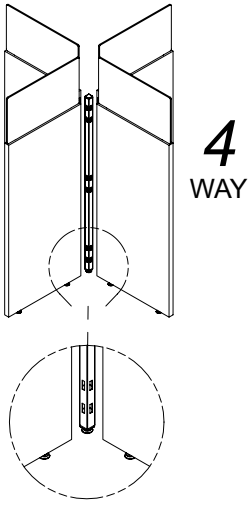

Both sides have a blank end.

Gallery Spine

BRC's gallery spine is a 1" x 1" steel support that runs the entire vertical length of the panel. Any gallery panel with a male connector (MM, MF or MB) can be attached. The spine is available in two way, three way or four way 90° configurations. A spine is not required to connect panels end to end at 180°; panels with a male end and female end can be connected directly. Reference the following page for application examples.

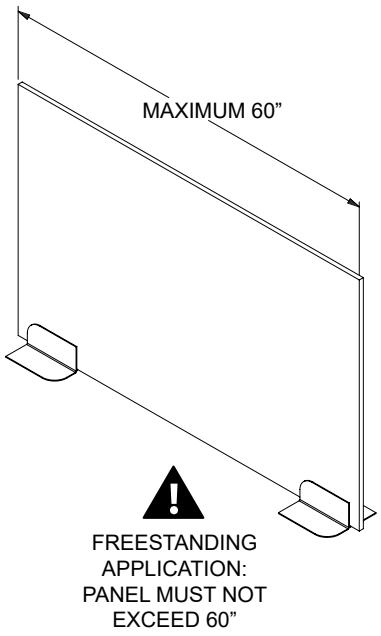

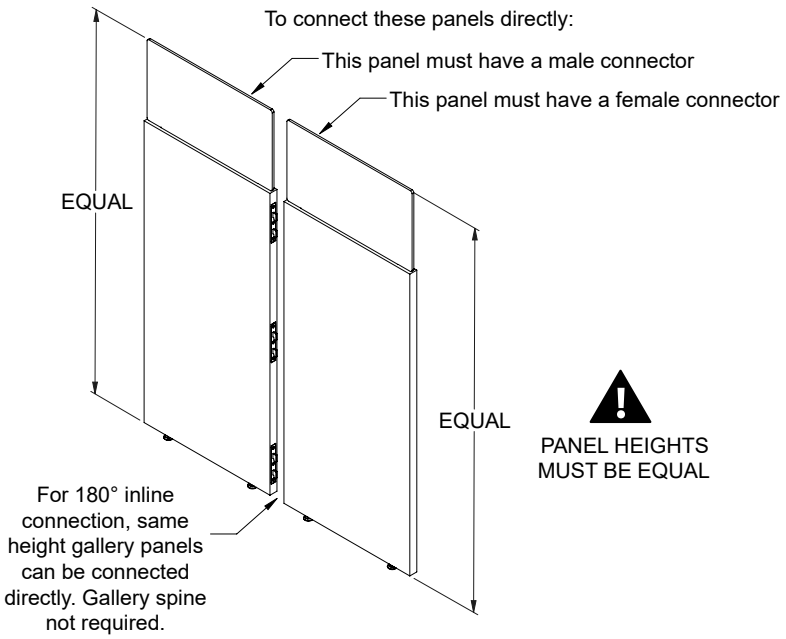

General Guidelines

- Gallery Panels are best paired with Full Front (Z) models to ensure alignment at the base datum line
- All panels connected in a run must be the same height
- Laminate only panels and panels with glazing cannot be combined in a single run
- A support foot must be used whenever an end of panel run exceeds 54”
- A single panel can be supported by two feet no longer than 60”
- Due to laminate woodgrain size restrictions, gallery panels are divided into two codes, one for widths 18`-60` and one for widths 66`-96
- Woodgrain direction (if applicable) runs vertical on the smaller widths (18`-60`) and horizontal on the larger widths (66`-96`)

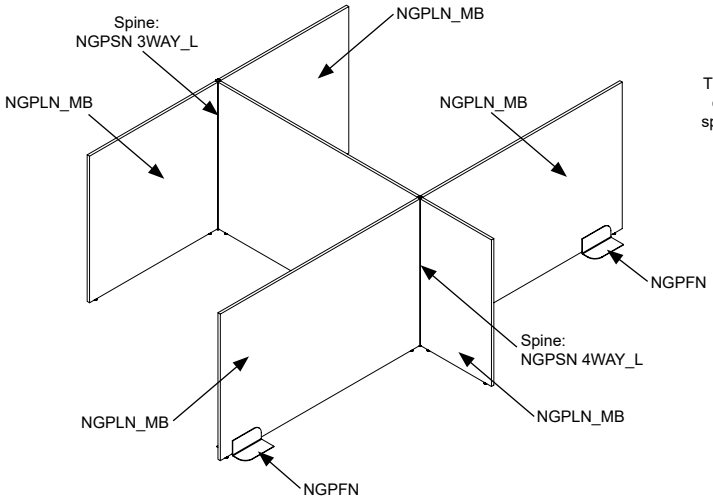

Freestanding Application

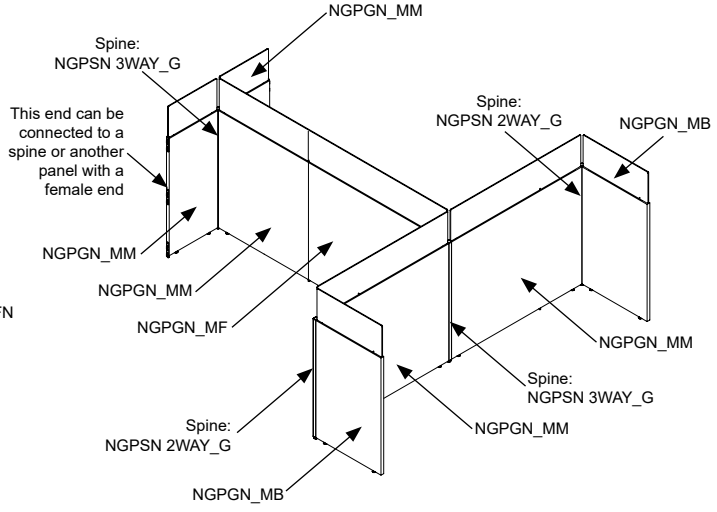

180° Direct Connection

Application Examples

Use the following examples to reference how a panel layout can be structured. The codes used below can be found on the next few product pages. Note, sizes are not listed as the examples are to be used for configuration only. As per application guidelines, all panels in a single run are the same type (laminate only or glazing) and also the same height. For help with your layout, contact the BRC sales department at quotes@brc.group.

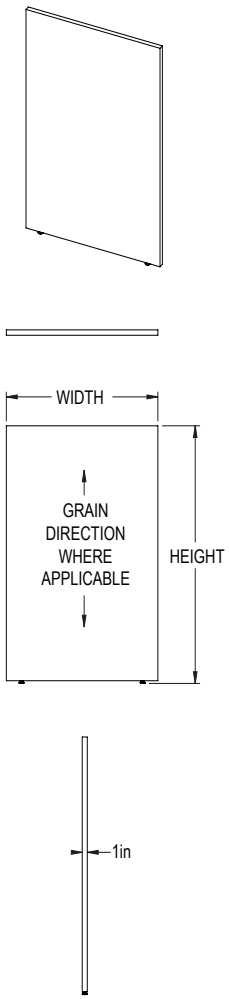

Laminate Only Panels - NGPLN

Panels with Glazing - NGPGN

Gallery Panels - 18” to 60” Wide (vertical grain)

Features & Specifications

- 3/4” Thick LPL case construction with one inch of leveling
- Includes lock(s)
- Storage with 3/4” thick shelf (see chart above)
- Laminate codes - *M1*: 1” LPL (top only)
- Specify hinged left *‘HL’* or hinged right *‘HR’* when ordering
- Soft Close Style Hinge ‘*SOCL*’ supplied unless otherwise specified

No Charge Options

- All standard laminates and metal finishes available
- Specify lock option: BRC standard black *‘LBB’*, silver *‘LBS’*
- Standard Style Hinge *‘STD’*

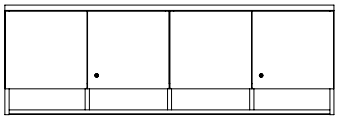

Optional Extra

- For high pressure door fronts, add option code ‘*HF*’ and +$113

SPECIAL NOTES

- This storage product must be secured or ganged to an additional support structure (eg: wall, adjacent cabinet).

ORDER CODE SAMPLE

ITEM CODE	WIDTH	DEPTH	HEIGHT	LAMINATE	HAND	LOCK	OPTION
NWNAY	W24	D24	H72	*M1*	*L*	*LBB*	*HF*

Features & Specifications

- 3/4” Thick LPL case construction with one inch of leveling
- One pencil tray, file hanging bars and lock(s) included
- Storage with 3/4” thick shelf (see chart above)
- Wardrobe with fixed hat shelf and coat rod; only 66”H units and taller include hat shelf
- Laminate codes - *M1*: 1” LPL (top only)
- Specify handedness left *‘L’* or right *‘R’* when ordering
- Soft Close Style Hinge ‘*SOCL*’ supplied unless otherwise specified

No Charge Options

- All standard laminates and metal finishes available
- Specify lock option: BRC standard black *‘LBB’*, silver *‘LBS’*
- Standard Style Hinge *‘STD’*

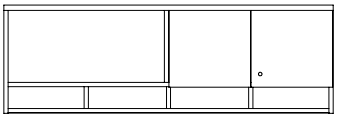

Optional Extra

- For high pressure drawer and door fronts, add option code ‘*HF*’ and +$558

SPECIAL NOTES

- This storage product must be secured or ganged to an additional support structure (eg: wall, adjacent cabinet).

Summary

Created for education applications, BRC's study carrels can also be used in office and healthcare environments. Available with shelf, tackboard and power options, the study carrels can be configured to suit any environment. Use this page to assist with configuration and application.

Single Study Carrels

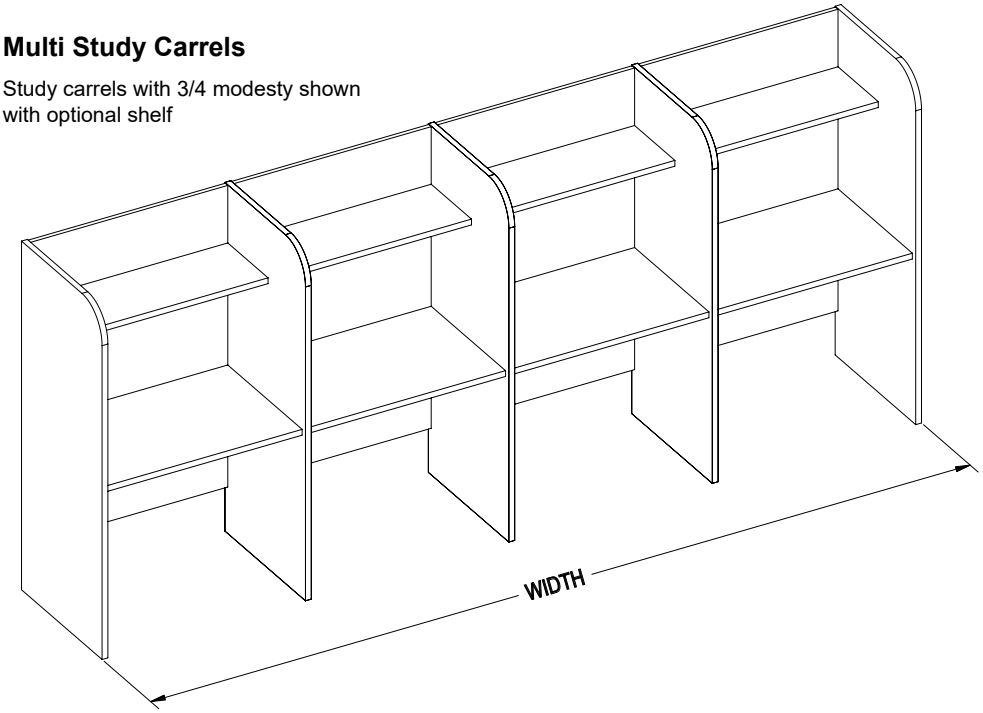

Dimensions apply to both single and multi unit carrels

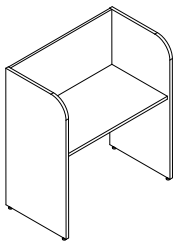

Multi Study Carrels

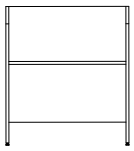

Study carrels with 3/4 modesty shown with optional shelf

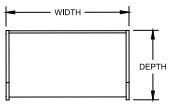

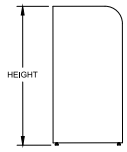

Multi Unit Specs:

- Multi unit carrels share the side gable in between carrels
- Options apply to all carrels, for instance, if *CG* is specified, all carrels will have a center grommet
- Undersurface grommet pass thru is included by default between the carrels but not on the ends
- When the default power option is specified:
  - The study carrels ship with BRC's product AT1FE (flip up 1 power & 2 USB ports)
  - The power module is always mounted on the right hand side at the back by default
  - Power modules are not gangable; installers must use extension cords if ganging is required

Integrated Cabinets

Summary

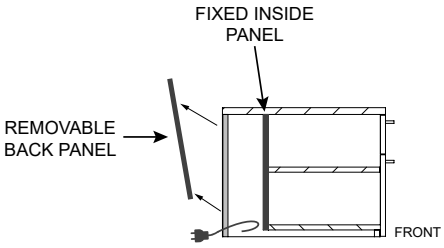

Height adjustable tables have become common place in office environments and BRC offers several options to integrate these tables into adjacent cabinetry. The option listed below, AA, is the same regardless of cabinet type. AA Indicates a removable back panel is typically used for wire access and management. The panels have snap in connectors for easy installation and removal. By default, integrated credenza cabinets ship with no back panel and a fixed inside panel. Add AA option code to tailor the cabinet to your needs. For further information and assistance, contact your BRC representative.

Islands

BRC Introduces its newest open space office products: Islands. A collection of closed and open storage, lockers, bases and worksurfaces that work together to create touch down areas, media centers, lunch room stations or permanent work areas.

Mix and match a large selection of items to create your own unique layout. When a worksurface is added, the finished height is 42”. Use the following pages for design inspiration or contact BRC if you need assistance.

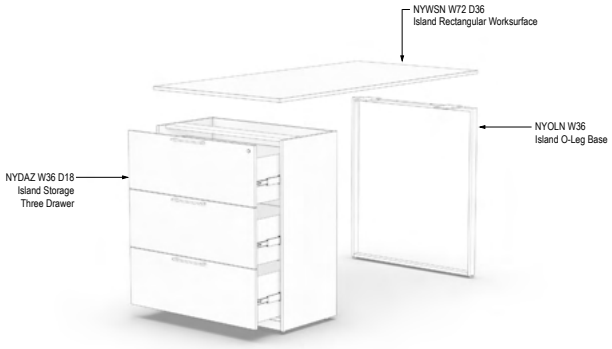

Island Sample Layouts

Use the examples on this page to configure your own unique layouts. Worksurfaces and end panels can be ordered in custom widths, depths or heights as required. It is recommended to attach end or cover panels to cabinetry by first removing drawers (if applicable) and screwing in through side or back gables.

Island Table with Three Lateral Drawers & O Leg Base

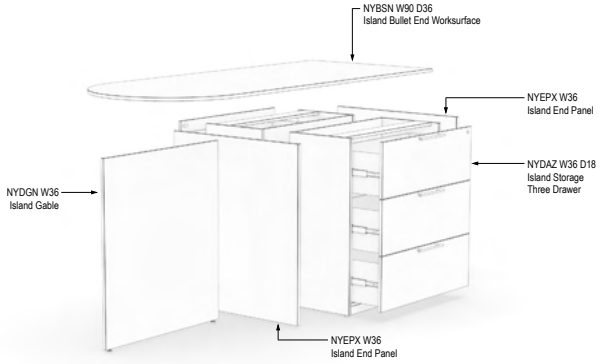

Do not exceed 60" of unsupported space under worksurface

Island Table Exploded View

Island Table with Three Lateral Drawers & Center Gable

ITEM CODE	WIDTH	DEPTH	LAMINATE
NYBSN	W72	D30	*M1*

Features & Specifications

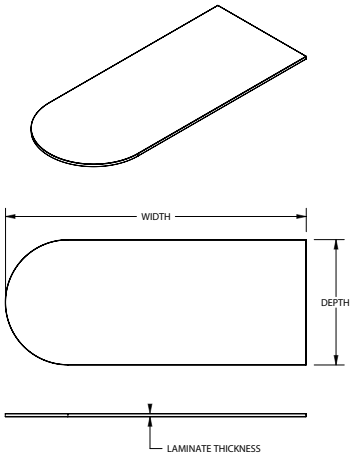

- Can be used in storage top and worksurface applications
- Does not include inserts or pilot holes under the worksurface
- Laminate codes - *M1*: 1” LPL, *H1*: 1” HPL
- LPL surfaces are finished on both sides; HPL surfaces are finished on one side only with backer on underside
- Individual sheet sizes are maximum 96” long. Laminate sheets are not edged on seam where multiple sheets are joined. Joining hardware included for multiple sheet sizes.

No Charge Options

- All standard laminate finishes available

SPECIAL NOTES

- Maximum unsupported span should not exceed 60”. Placing a seam on an unsupported area is not recommended. Contact BRC for layout options and support mechanisms.

Height Adjustable Table Support Brackets

Height adjustable tables present unique challenges when mounting to adjacent furniture. BRC's table support brackets allow direct connection to Gallery Panels, tall storage, credenzas and other items while allowing full height adjustable functionality. These brackets have been designed specifically for our Mesa T leg and C leg bases but may be applicable to non-BRC product. Contact a BRC representative for full details.

T Leg Rear Mount Bracket

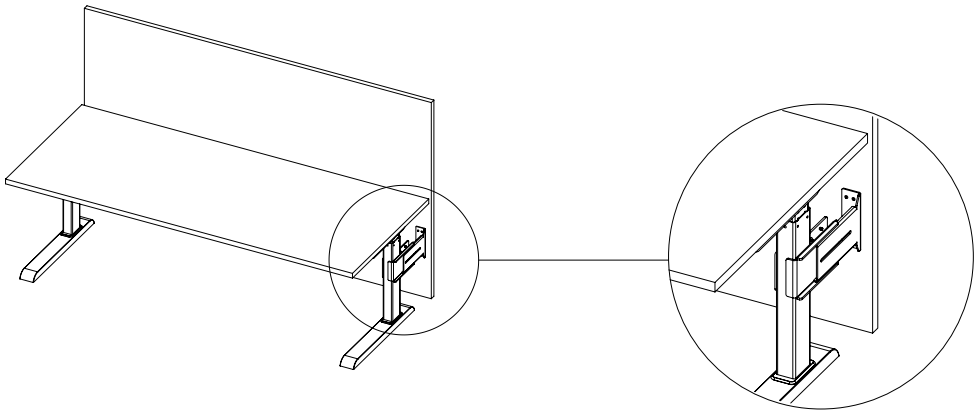

Product Code: NABRA

For use on Mesa T leg tables 24", 30" and 36" deep. Connection to rear panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.

C Leg Rear Mount Bracket

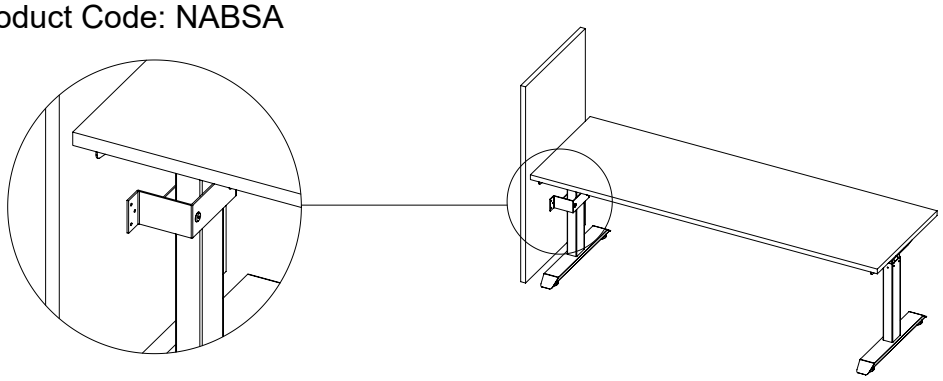

Product Code: NABCA

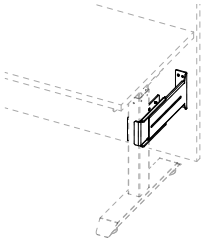

For use on Mesa C leg tables 24", 30" and 36" deep. Connection to rear panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.

C Leg or T Leg Side Mount Bracket

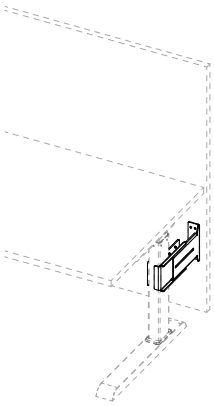

Product Code: NABSA

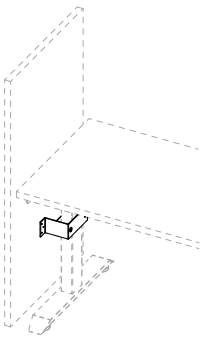

For use on Mesa C leg or T leg tables 24" and 30" deep. Connection to side panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.

NABRA

ORDER CODE SAMPLE				
ITEM CODE	WIDTH	DEPTH	HEIGHT	OPTION
NPLTD	W48	H24	H7	*ML*

Features & Specifications

- 3/4” Thick LPL case construction
- Intended to be mounted on BRC undermount storage components
- 3/4” Fasteners included
- Grain direction runs vertical where applicable
- Metal liner is finished in black powdercoat

No Charge Options

- All standard laminate finishes available

Optional Extra

- Includes laminate surround only; for metal liner, add code *‘ML’* and price as shown above

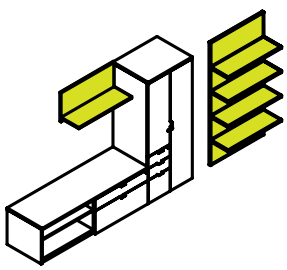

SPECIAL NOTES

- LPL Laminate can be permanently damaged by water intrusion; although manufactured to be leak proof, the use of a metal liner may not fully protect the laminate from water intrusion

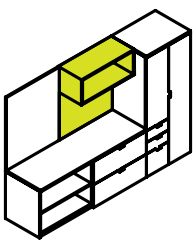

Elements

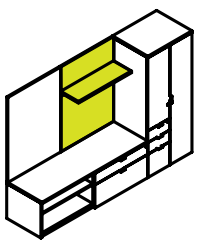

BRC Introduces a complete wall mounted accessory solution that integrates seamlessly with our Natural Series product. Floating shelves, whiteboards and tackboards can be installed alone or integrated into an office layout. Panels can specified full height or stacked in line according to requirements. Find more information on each section by clicking below.

Element Free Panels

Element Desk Panels

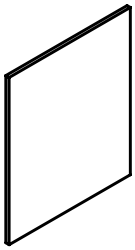

Element Low Panels

Element Wall Panel System

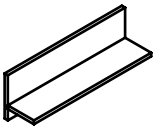

The following components are included in the Element wall mount panel system.

Components

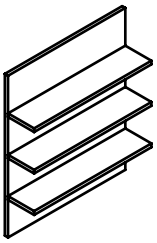

Laminate Panel

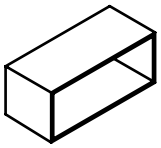

Single Shelf

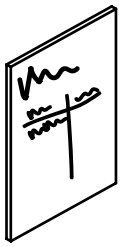

Multiple Shelves

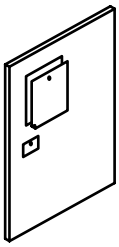

Open Storage

Marker Board

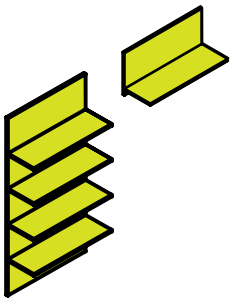

Tackboard

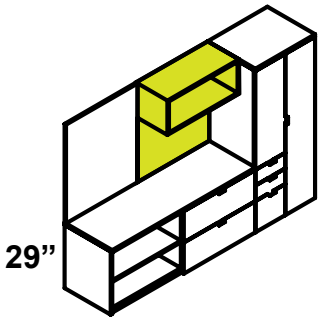

Grouping

The offering is divided into three distinct groups depending on how the products will be used.

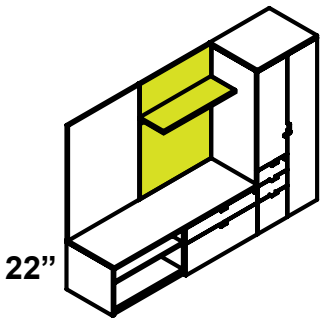

Element Free Panels

These components work with each other but are intended to be used independently from desk or storage furniture

Element Desk Panels

These components work with each other and are sized to be mounted above desk height (29”) storage components and tables. The overall height of these elements will align with a hutch or tall storage (eg, 66”, 72”, etc.)

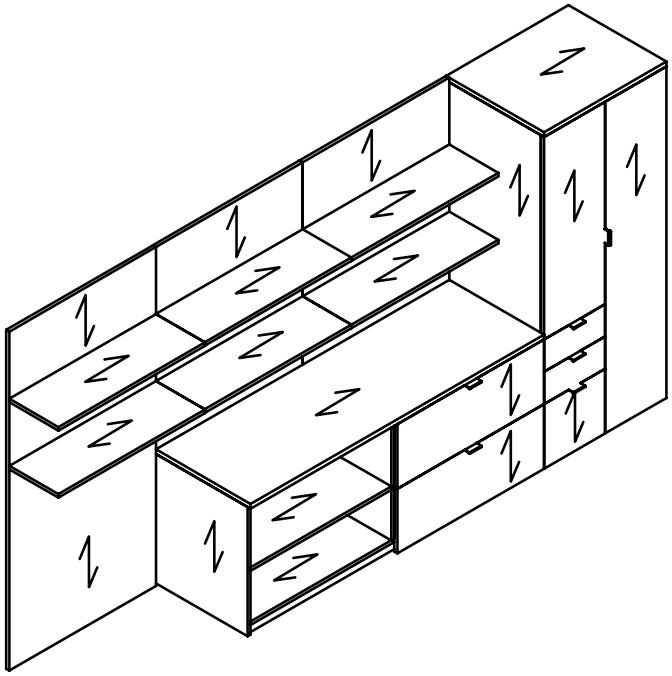

Element Low Panels

These components work with each other and are sized to be mounted above low storage (22.25”) components. The overall height of these elements will align with a hutch or tall storage (eg, 66”, 72”, etc.)

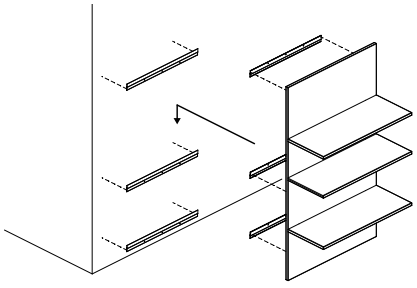

Grain Direction

The grain direction on the wall panels always runs vertical as shown below. Shelving and overhead storage grain runs horizontal to match adjacent desk and storage products if applicable.

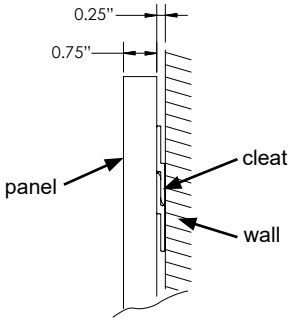

Mounting

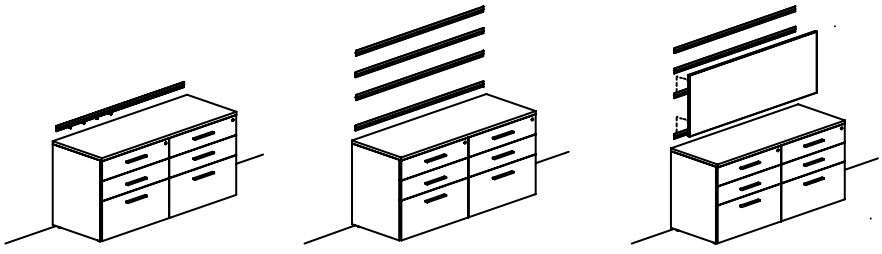

All components use an aluminum cleat based mounting system. The cleat on the back of the panel is pre-installed at the factory and matching wall cleats are provided for installation on site. After installation, the back of the wall panel sits 1/4" (0.25") out from the wall which is the total thickness of the cleat. The back panel, shelves and general construction is 3/4" thick laminate. Reference our Element Wall Panel System Installation guide for further details.

Wall panels drop into cleat

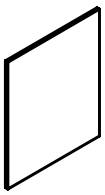

Total depth from wall is 1.00"

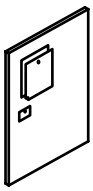

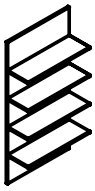

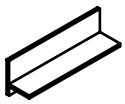

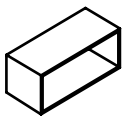

Multiple cleats are used as wall panel size and quantity increases (stacked panels)

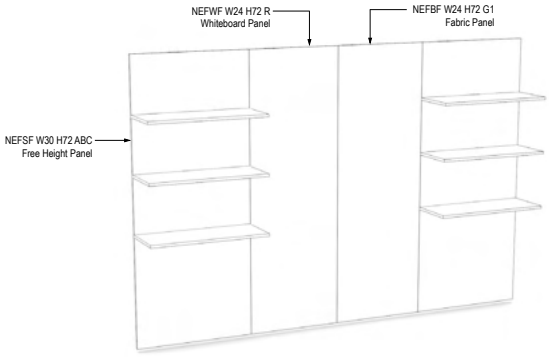

Element Free Panels

Element Free Panels are the best solution for stand alone wall mount needs. Whiteboard, tackboard and floating shelves can be used together or independently. Use the examples on this page to configure your own unique layouts.

Locker Banks Application

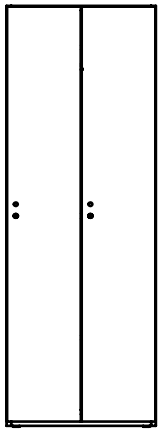

Overview

Locker Banks provide a flexible storage solution with a range of heights, bank widths and door configurations to suit different storage needs and spaces. Banks can be specified with two, three or four locker columns, with available door configurations varying by height.

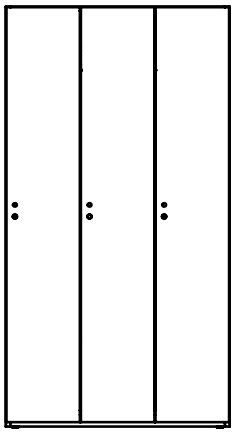

Complete the application with optional locker organizers, locker numbers, slanted tops, and surrounds.

Understanding Locker Bank Configuration

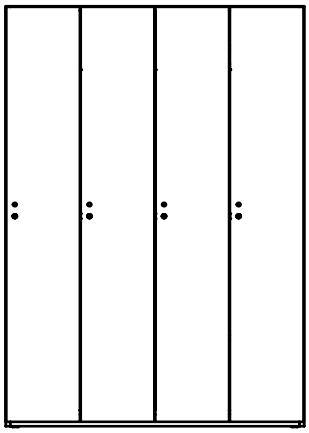

Locker Banks are configured by selecting the number of locker columns within the bank and the number of doors per locker column. These two selections work together to determine the overall locker configuration.

2 Locker Columns
24”W

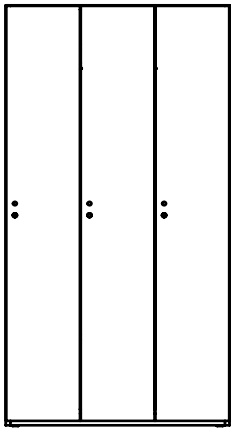

3 Locker Columns
36”W

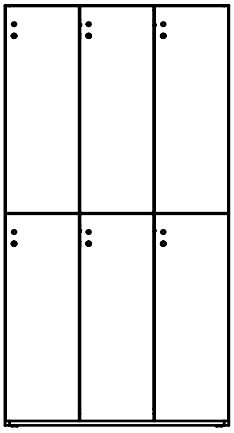

4 Locker Columns
48”W

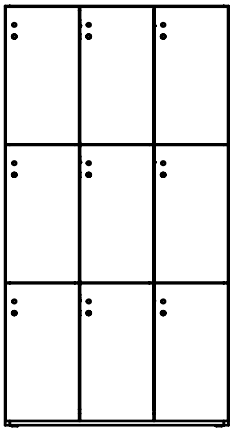

Door configurations are identified as D1, D2 and D3, representing the number of doors within each locker column. Available door configurations vary by locker height. Refer to the applicable product page for available options.

D1

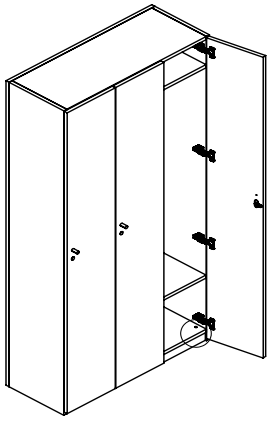

D2

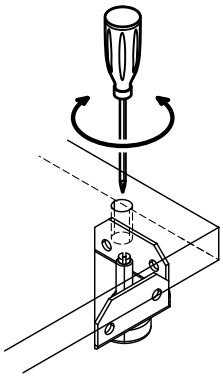

D3

In-Place Levelling

Locker Banks feature four in-place levelling points, one at each corner of the bank. Each leveller is accessed from inside the locker through the bottom, allowing the bank to be levelled after it has been positioned without requiring access beneath the unit. Access points are capped once levelling is complete.

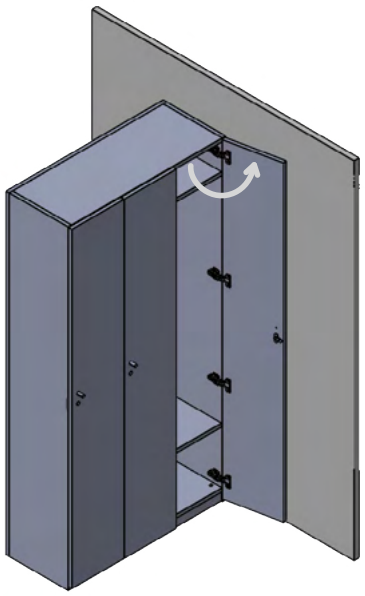

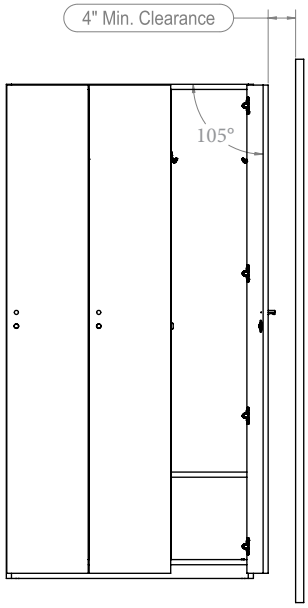

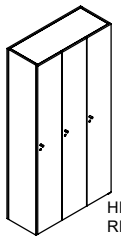

Door Clearance at Adjacent Walls

Where the hinged side of a Locker Bank is adjacent to a perpendicular wall or other obstruction, provide sufficient clearance to allow the door to open and function properly.

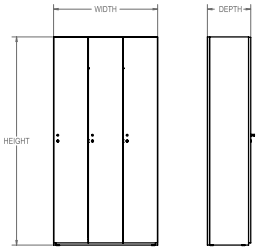

Maintain a minimum 4” clearance between the end of the Locker Bank and the adjacent wall or obstruction.

Features & Specifications

- Locker width is 12"
- One inch of in-place leveling
- Woodgrain runs vertically where applicable
- Single door units include a fixed upper hat shelf and adjustable lower boot shelf
- All locker compartments include a coat hook on each side
- White locker body only (T101 Nova White)
- Door configuration is consistent across all locker columns within a bank. Specify *'D1'*, *'D2'*, or *'D3'* to indicate the number of doors per locker column. Available door configurations vary by locker height.
- Specify lock option; reference chart and codes above, add price where applicable
- Specify handedness: *'HL'* for hinged left or *'HR'* for hinged right (will apply to all doors on unit)
- All keyed lock options (*LB & LS*) include a pull handle. Two pull handle styles are available: metal knob *'LK'* (matches selected lock colour) or vent handle *'VH'*.
- Soft Close Style Hinge *'SOCL'* supplied unless otherwise specified

No Charge Options

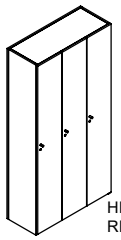

- Doors available in all standard BRC laminate finishes
- Specify lock option: BRC standard black *'LBB'*, silver *'LBS'*
- For keyed lock options, specify pull handle style: metal knob *'LK'* (matches selected lock finish) or vent handle *'VH'*
- Standard Style Hinge *'STD'*

Optional Extras

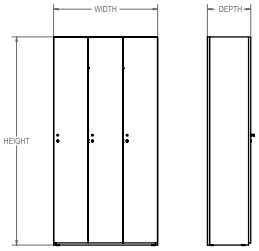

- Locker organizer (*NLBGP*) available for 1-door lockers, 54" to 72" high only. Add option code *'PLO'* and +$1,114. Refer to the Locker Organizer product page for details.
- For boot liner (*AQBTA*) with single door units only, add option code *'BL'* and +$199

SPECIAL NOTES

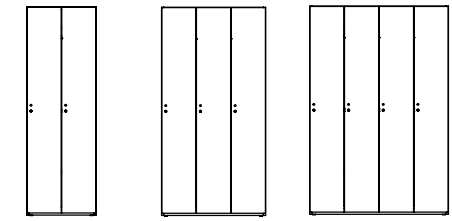

- This product is not freestanding and must be secured or ganged to an additional support structure such as a wall and/or an adjacent locker
